

# RENTING WITH A RECORD: TENANTS WHO HAVE A CRIMINAL HISTORY

Adam Martin, founder of the F5 Project, will discuss his work and experiences transitioning people from imprisonment to housing. He will examine approaches and benefits of both renting to and working with people who have a criminal history. Information on community resources for tenants and landlords will also be available. We look forward to seeing landlords, property managers, and tenants alike!

Lunch will be  
provided by  
presenter!
