# How to Download Google Duo

This example was created using an iPhone, so your screens may differ slightly.

1. Select App Store on your smart phone.

2. Search for Google Duo.

3. Select icon to download to your device. This is circled in red above.

4. To download you may need to enter a personal password to allow the download to happen.

5. Once download is complete, select Open to complete set up.

6. Now follow the prompts as they appear. (See steps 7-11)

7. High quality video calling with Duo, select I agree.

8. Get started, select Give access.

"Google Duo" Would Like to Access the Camera

Give access so that others can see you during video calls

Don't Allow | OK

"Google Duo" Would Like to Access Your Contacts

Allow the app to sync your contacts with Google servers so you can see who's on Duo on all your devices

Don't Allow | OK

9. Select Ok for Google Duo to Access the Camera, Access the Microphone, Access Your Contacts. Select Allow for Google Duo to Send You Notifications.

"Google Duo" Would Like to Access the Microphone

Give access so that others can hear you during calls

Don't Allow | OK

"Google Duo" Would Like to Send You Notifications

Notifications may include alerts, sounds, and icon badges. These can be configured in Settings.

Don't Allow | Allow

10. Input your phone number, select next.

Verify your number

Your contacts will video call you using your phone number.

United States (+1)

People who know your number can reach you across Google services. Duo will send you a one-time SMS message; carrier rates may apply.
