

Information about Application Process for the Public Housing Program

Moorhead Public Housing (managed by Clay County HRA)

After filling out an application with all the information needed, including copies of original Social Security card for ALL household members AND picture IDs for all household members over age 18; you will be sent a letter when your name reaches the top of the list in the housing size needed. If you should move before a letter is sent, let this office know the change of address. Make sure ALL areas of the application are filled out completely with all questions answered and with complete addresses with city, state and zip codes where applicable (especially regarding past landlord history for the LAST 5 YEARS) If you lived with family during the past 5 years list their names and complete address on the application also.

If your letter is sent and returns to our office with a new address or no address known, you will need to fill out a new application. Please remember to keep our office updated of any address changes.

It is necessary, as the letter will state, to call for an appointment when your name has reached the top of the list. You will have to sign verification forms which are then mailed by this Agency. These verifications will take 3 to 4 weeks to be processed. The verifications will help determine your eligibility for Public Housing.

MPHA occupancy standards are as follows:

A. River View Heights High Rise

- Type A, B and D One Bedroom Units= 1 person Max
- Type C One Bedroom Units= 2 person Max
- Unit 203 (Two Bedroom)= Min of 2 and max of 2 person

B. Sharp View Units

- There are 45 one-bedroom units that have a occupancy of 1-2 people; maximum of 2 people.
- There are 2 two-bedroom units that have an occupancy minimum of 2 people; maximum of 2 people.

Such family shall be advised that they will be transferred to the proper type or size unit as soon as one becomes available. In no event should waiver action be taken to assign smaller units to families than established in the maximums.
